Thanks for scheduling a time for a specialist in land protection to make a 10 minute presentation on the merits of a CR vs. that of a deed restriction on the quarry land at the BoS meeting on Monday at 7:15 pm. Brandon Kibbe from Sudbury Valley Trustees has agreed to make the presentation.

I'm afraid I misspoke when I said the Trust would like to see the article pass. The board has taken no official position.

The Trust is in agreement that it is critical that the quarry land have a CR to permanently protect it from additional development in the future...and that is why I asked for permission for a land protection specialist to make a presentation to the BoS.

Thanks again for scheduling the presentation.

Best regards,

Susan

Walter and Don,

Susan Mitchell-Hardt called me this morning on behalf of the Conservation Trust re the Peet land swap Warrant Article. She said the Trust would like to see the Article passed and the deal done but are concerned about the restriction running with the land only being for 50 years. She has asked for the Trust to have the opportunity for a knowledgeable speaker on these matters to address the Board Monday night, and I have taken steps to put 10 minutes in the Agenda at 7:15 p.m. for that purpose.

Regards,
Dore' Hunter
